INTRODUCTION

The Department of Recreation and Parks is responsible for the maintenance of Parks and Beach Parks owned, managed or maintained by RAP. Parks and Beach Parks should be accessible and available to residents and the public at large for their intended recreational uses. To maintain Parks and Beach Parks in clean, sanitary and accessible conditions, to prevent harm to the health or safety of the public, to prevent the misappropriation of Parks and Beach Parks for personal use, and to promote the public health and safety, the City recently made amendments to the City of Los Angeles Municipal Code (LAMC) 63.44 to regulate personal property storage in Parks and Beach Parks.

These protocols outline the operating guidelines, designation of tasks, and scope of work for regulating the removal of stored personal property from Parks and Beach Parks and the allowance for the impoundment of such property, after the provision of notice, as provided for in LAMC 63.44.

BACKGROUND

LAMC 63.44 regulates storage of property on the City's public Parks and Beach Parks. The Ordinance's Declaration of Legislative Intent states, in part, that the unauthorized use of Parks and Beach Parks for the storage of personal property interferes with the rights of other members of the public to use Parks and Beach Parks for their intended recreational uses. The purpose of LAMC 63.44 is to maintain Parks and Beach Parks in clean, sanitary and accessible condition for all.

CITY ATTORNEY REVIEW

The City Attorney's Office has reviewed the following LAMC 63.44 protocols for conformity with the Ordinance and subsequent amendments.

METHODOLOGY & PROCEDURES

Referrals may be submitted to RAP by Council Offices, the Mayor's Office, LAPD, Neighborhood Councils, 311 Call Center, governmental agencies, businesses, business improvement districts, and the general public.
